Is your child tired of those 'ho hum' birthday parties. Have you had enough of clowns and magicians to last a lifetime? How about something different, really special, and very reasonably price.

Hire Hugh and your child will be the envy of all their friends.

IT WILL BE A PARTY TO REMEMBER

The music, games and competitions, at the party, are geared around the age of the children:

*
Age 5 years to teens (ask me about younger kids)

I organize everything, incorporating within the party all the popular tunes, and dance routines, the children want

to hear and dance to. We also play games and competitions. The format is in keeping with the age of the children. I am fully interactive with the kids.

I start the party off with some face painting, giving the late children a chance to get there. Then we move on to the fun. As the day goes on I take little breaks to let the children have a drink, etc while I finish off the rest of the painting.

At the end of the party, the last 10 minutes or so, just when they thought it was over I will make sure that every child has a professionally twisted balloon model.

If the children prefer we can also add Karaoke where they can sing their favourite songs, including all the songs from HIGH SCHOOL MUSICAL & Disney.

For corporate events we can use fancy dress if required.
